

BLOOM FOUNDATION

Build and Learn to Optimize Opportunities Mindfully

Join our Bloom Training Program and Grow Your Mindset.

BLOOM Foundation works with students, teachers and young adults in disadvantaged communities, offering them soft skills training, career planning and development and job readiness skills. The BLOOM Training Program was developed for high school students in Grades 8 to 12. The program started in 2022 and quickly gained traction and recognition of the need. The student, teacher and young adult participation in our program is currently more than 5,500 attendees.

There is an urgent need to bring awareness of the requirement of soft skills development for today's youth and future leaders; many are battling with current lifestyle options and choices, work and economic environments and as a global world facing the rise of artificial intelligence technology.
